

Milwaukee County Grounds  
New Water Tower  
Construction Quality Assurance

Project No: G012-09606

Milwaukee County Department of Transportation and Public Works is requesting proposals for professional consulting services to assure contract compliance and provide quality assurance for the construction of a new elevated steel water tower. The effort will primarily assist Milwaukee County construction management staff with quality assurance on welds and coating systems. The new tower will be constructed on the Milwaukee County Grounds at 854 N. 94<sup>th</sup> Street, Wauwatosa, Wisconsin. Proposals are due November 5, 2010. For further information call 414-278-4863.
